

Philippians 3

I'm not saying that I have this all together, that I have it made. But I am well on my way, reaching out for Christ, who has so wondrously reached out for me. Friends, don't get me wrong: By no means do I count myself an expert in all of this, but I've got my eye on the goal, where God is beckoning us onward—to Jesus. I'm off and running, and I'm not turning back. So let's keep focused on that goal, those of us who want everything God has for us. If any of you have something else in mind, something less than total commitment, God will clear your blurred vision—you'll see it yet! Now that we're on the right track, let's stay on it. Stick with me, friends. Keep track of those you see running this same course, headed for this same goal. (Message)

**John Rohn urged, "Don't let
your learning lead to
knowledge; let your learning
lead to action."**

- 1. Choose a Life of Growth!**
- 2. Start Growing Today!**

Napolean Hill said, "It's not what you are going to do, but it's what you are doing now that counts"

- a) Because growth is not automatic.
- b) Growth today will provide a better tomorrow.
- c) Growth is your responsibility.

You will only be young once, but you can be immature indefinitely!

Oliver Wendell Holmes once said, "Man's mind, once stretched by a new idea, never regains its original dimensions."

3. Be Teachable

“It’s what you learn after you know it all that counts”

4. Focus on Self-Development, not Self-Fulfilment!

Rabbi Samuel M. Silver taught that "the greatest of all miracles is that we need not be tomorrow what we are today, but we can improve if we make use of the potential implanted in us by God."

5. Never Stay Satisfied with where you are at.

Rick Warren say's, "The greatest enemy of tomorrow's success is today's success."

6. Be a Continual Learner!

Henry Ford said, "Most successful people get ahead during the time other people waste."

Frank Clark stated, "Most of us must learn a great deal every day in order to keep ahead of what we forget."

7. Develop a Plan for Growth!

John Rohn urged, “Don’t let your learning lead to knowledge; let your learning lead to action.”

8. Pay the Price!
